*Pictured directly above:: a standing ovation for last year's MN State Show - MEAN.*

## **Connect With Theater Professionals**

Enjoy workshops by local and national theater professionals in Minnesota's premiere theater space - The Guthrie Theater. This is the fourth year The Guthrie has generously played host to the conference. MN is the only state where a professional theater hosts the State Thespian Conference.

## **College Scholarships and Auditions**

Last year, we distributed over \$3,000 in performance and technical scholarships, and juniors had the opportunity to audition for a number of colleges.

## **Connect with other Theater Students**

Work with students from other great theater programs, have fun and make friends a million different ways!

## **Performance Feedback**

Students can present one acts, monologues, small scenes, musical solos, duets or group numbers, and technical designs for judges whose primary purpose is to provide constructive and educational feedback. Top performers are invited to perform at ITS Nationals.

## **Your Ticket to ITF**

The State Conference is a great first step toward forming a Thespian Troupe or attending the amazing International Thespian Festival held every summer in Lincoln, Nebraska.

## **February 16 & 17**
